

Happily Ever After? Week 1

"To Love And To Cherish"

The World cannot be our example for marriage! God give us all the examples we need through His word. Genesis 2:21-24

How do we build a better God centered marriage and home? John 13:34-35

Love each other....however it starts..love at first sight or through friendships over time. Love starts somewhere and we should always love each other first and foremost.

Love like Jesus....this is our example of how to love. Love like Jesus without condition. Without agenda.

Ephesians 5:21

Why do we submit to each other? Because of our love for Jesus. The way Jesus puts us first is our example for how we are to put our spouse first.

How healthy and awesome can marriage become if Love becomes a verb? What are the benefits?

1. Family.

We have real relationship and we have a home. Not just a house we live in but a home. Jesus is the leader the HOH! We build authentic family when He leads. No matter the makeup or circumstance of how the family is built. Step parents...adopted children...guardians...we all can build family the right way. Do we love and cherish enough to see these results?

2. Our Marriage...Our Home...Our Family becomes a living act of worship.

Putting Jesus first in every aspect...every detail...from diapers...to mortgages, it leads to oneness. Oneness with Jesus and each other, this is an act of true worship.

Questions for the week? Is love a verb at my house? Do we love and cherish enough to make these things possible? And as always...without Jesus none of this is doable.
