

Jesus Said Part 4 The Invitation

Matthew 7: 13-14,21,28

Jesus speaking to religious people here...church folks!

There are many things we do as church people that have nothing to do with Jesus. It is all religion and that is not why Jesus came.

We only want Jesus when we need Him. When we place Jesus in a box and only let Him have access to certain parts of our lives, it takes its toll on our entire life. He is either all or nothing.

We often place our faith in religious activity. Church: Missions: Family: Denomination and tons of other things. They are not Jesus.

If our hope is anything good or bad, that's not a real covenant with Jesus. He will look us in the eye one day and say I don't know you. There can never be anything worse than that.

Bottom Line: Sin is who we are, not what we do.

It's our lifestyle....the only way is Jesus.
